### About the Author

Patricia Heller has lived many lives in one. A singer and entertainer, she has also been a banker, mortgage banker and successful real estate investor.

Twenty years ago her life changed dramatically when she began suffering from the debilitating effects of allergies to the world and chronic fatigue syndrome. From then on her life became a dedicated search for health, truth, and beauty.

### About the Book

This is a book about listening. It's also about seeing, feeling, and sensing. When one learns the language the universe speaks, one can hear, see, feel, and sense the message and discover that everything happens in our lives for a reason.
